# The Cincinnati Woodworker

Dedicated to Sharing Woodworking Knowledge

## The Cincinnati Woodworking Club Newsletter

### Agenda for January 9, 2016

The Northeast Group presents this November Program.

**Chad Stanton** will be our guest speaker. He will present “how to make mortise and tenons”. He will show two different ways to make them and will show some easy jigs you can make to help make them and simple tools to make it easier.

Chad Stanton is the owner of Stanton Fine Furniture. He is a Licensed Contractor, a member of the Professional Remodeling Organization and Society of American Period Furniture Makers, Spokesperson for Titebond, Guest Demonstrator and Lecturer for Woodcraft, and a contributing editor for American Woodworker Magazine. Stanton Fine Furniture and Home Remodeling, LLC has served the Toledo and surrounding area since 1998 and continues to provide quality furniture, restorations, and renovations

He is the host of Popular Woodworking’s new *I Can Do That* video series. Chad Stanton is also the host of *Wood Choppin’ Time* - a comedic approach to woodworking and has reached over a million viewers to date. His committed passion to woodworking allows him to share this knowledge with people of all skill levels. He educates and encourages fans through his method of Watch, Laugh, and Learn.

**Methods of Work** Club members will share shop tricks and techniques.

**Annual Tool Auction** Immediately following the meeting will be the annual tool auction. Proceeds go toward purchasing supplies and defraying expenses of our charity projects. If you have tools or materials that you’ve upgraded, outgrown, or just sitting in the corner, unused and lonely, please donate them for this worthy cause. Also bring your cash and checkbook to take advantage of some deals and supplement your shop.

### Show and Tell

We have *Show and Tell* at every meeting. We all get inspiration and ideas from seeing what others have done. Let’s see what you have been up to “share the woodworking knowledge”

**Joe Boggs' Entomology presentation**

**Larry Saupe demonstrates FastCap's miter saw hold-down**

**Keith Neer's demonstration on his veneered bench**

**Ray Jang's veneered box**

## Jim Schaefer Toy Drive

Following the November meeting, Ray Ladouceur delivered over 800 toys to CAP in Kentucky. There were also other shipments before and after the meeting date. We helped make a lot of children happy this Christmas season. Thanks to all who assisted and for George Murphy for being the drive coordinator.

## 2016 Seminar

We have the annual seminar planned. Glen Huey, assisted by Chuck Bender, both formerly from Popular Woodworking and now with their own company, 360 Woodworking, will be doing a presentation on joinery. As it has been in the past, the presentation will be a lecture presentation with some demonstration. The class is broken into two sections

The morning will be spent talking about wood structure and movement. He'll talk about how to select and orient wood to account for movement, optimize strength, and create harmonious patterns.

In the afternoon we'll delve into joinery, including how to create some of the most common joints and how the wood direction plays into the strength of those joints.

The seminar will take place on April 23 at the Glen's shop in West Chester OH. More details on date & time, cost, and address to follow
