Dear Mr. Maddox:

You have helped brighten a sick child's day! Thank you so much for your thoughtful gift of forty memory boxes.

New toys, crafts, videos and other such items help our patients relax and enjoy just being a kid. The opportunity for a little fun during their hospital stay can make a world of difference for our young patients and their families.

Because you care enough to support the work of Cincinnati Children's, patients with conditions ranging from broken arms to brain tumors have access to world-class care. And their families get the support they need to be partners in their child's care.

I thank you so much for your support.

Sincerely,

Laura Klumb
