

# The Cincinnati Woodworker

Dedicated to Sharing Woodworking Knowledge

## 2018-2019 Meeting Schedule

September 8, 2018-SE  
Nov. 10, 2018- toy drive-SW  
January 12, 2019-Auction-C  
March 9, 2019-NW  
May 13, 2019-Lunch-NE

### Meeting Time

Our room opens at 8:30 AM.  
The meeting is from 9:00 AM  
to 12:30 PM. Please plan to  
arrive on time and stay for the  
entire meeting.

### Accessibility

There is elevator access to the  
basement. Enter at the west  
doors, (or the regular doors and  
go up through the hallway) to  
the fellowship hall. The  
elevator at the basement is at  
the back of the meeting room  
near the restrooms.

### Security

The back door of the church is  
locked at 9am. Please be  
punctual. .

### Support our patrons

This newsletter's featured  
sponsor is Rockler  
Woodworking

### Refreshments

Donuts will be available at the  
meeting. Please bring your own  
coffee in a cup with a lid.

## The Cincinnati Woodworking Club Newsletter

### Agenda for March 9, 2019

Jeff Molski will be the featured speaker at the March meeting. Jeff buys mid century pieces at flea markets and online, and then restores the pieces for resale. Jeff will bring actual pieces that he has restored, as well as pictures of other pieces to share with us. You can see some of his restored pieces on his Facebook page, "Mid Century Modern Rescue". The February issue of "Cincinnati" magazine features an article about Jeff and his work. The name of the article is "Restored Overnight".

Club member Gene Wiggs will share a Methods of Work presentation titled "Cool Electrical Tools for the Shop".

Club member Dick Wesling will show Wood Magazine Construction Grade and Mil-Spec Toy Projects that he's made.

### Show and Tell

At each meeting we have a show and tell of recent projects or techniques by members. If you have projects that you've recently made and would like to display and present for 3-5 minutes, bring them along. No reservation needed.

### Quick Shop Tips

We have added a new feature to our meetings – Quick Shop Tips. Share a less than 3 minute presentation on a quick shop tip or technique. Similar to "show and tell," you do not need to pre-register or be asked to do a presentation. If you have something you would like to share, come and talk about it at the meeting. You can do it from your chair or from the front of the room.

## We Need Help

CWC is a volunteer run organization. We currently only have about 10% of the membership involved in helping run the organization. As with most things, the more you give, the more you get. We are currently in need of help in several areas.

- Co-Chairs. Each of the five neighborhood groups organizes one meeting a year. You do not need to be in the geographic areas named to help with this.
  - Stephen Fridrick has come on as co-chair for the NE group. As Manuel Canales is moving out of the city, Stephen can use some help as co-chair.
  - Bill Fee would like a co-chair for the SW group.
- CAP coordinator George Murphy would like to step down from being the CAP toy drive coordinator. This involves interfacing with the CAP staff and making toy plans and information available to club members. George can help with the transition and has a job description.
- George Murphy is downsizing and has four containers of club owned toy parts to give to members on request. They include wheels, axle pegs, wooden balls, half-balls, a few games, and other random items. None of the four containers are larger than 16" or 18" cubes. Can anyone take these and distribute as needed?
- Web development & maintenance. Darrell McAnulty has done a tremendous job bringing our club web site current with technology. He would appreciate some help keeping it going forward. If you have or want to develop web-development skills this is a great opportunity. Many new members have found us via the web site.
- Methods of Work. A 'methods of work' is a short presentation of ideas that you can use in your shop, similar to the subscriber shop tips in the front of magazines. At each meeting we try to have a number of these short presentations by members on various topics. Even if you have a process that you think everyone knows, they probably don't (just look at handy hints published in the magazines each issue). Sign up at any meeting and you'll be added to the list to present at a future meeting. Topics can include: Safety, Sharpening, New (or handy) tools or materials, Jigs and Fixtures, Finishing or general Shop Tips.

## Meeting Security

At the request of the church, **we will be locking the door from the parking lot at 9am.** The door is typically unlocked at 8:30, so please come early and enjoy chatting with fellow woodworkers. There are doughnuts to enjoy, and you can bring your own cup of lidded coffee.

We are willing to consider meeting at another location with less security restrictions. We would like our meeting location to be centrally located, seat 80-100 people, have adequate, easy parking, and have several tables to use for display and AV equipment. We need to be able to use the locations for 5 Saturday morning meetings each year. If you are aware of a suitable location, please let an officer know.

## For Sale

Jim Kesterman is selling his “vintage” (40+ year old) Craftsman 113-27520 saw and saw accessories. He is asking \$150.00 for the saw and accessories.

We also have “indoor tailgate” tables for free or for-sale items.

## Membership Dues

Membership dues were due at the September meeting. Please see Dick Fisher at the meeting or print the membership form in this newsletter and mail it to Dick.

Don't forget to pick up your membership card when you pay your dues. This card entitles you to discounts at Wilhelm Lumber, Rockler, Paxton, EB Mueller, Frank Miller Outlet, Klingspor, and Hartville Tool. If mailing your dues, include a SASE if you need your card before you can get to a meeting.

We clean out our mail list after the January meeting, so if you have not paid, you will not be getting mailings.

## Harbor Freight Freebies

Please bring them to the next meeting. John Leonardi will collect them and place them in the toolboxes for CAP.

## Facebook and Website

Like us on Facebook for timely updates from the club, tips, techniques, and Q&A
