Dedicated to Sharing Woodworking Knowledge

## The Cincinnati Woodworking Club Newsletter

### Agenda for January 14, 2017

The Northwest Group presents this January Program.

#### Program Presentation

In November, we learned about a variety of General Finishes products. At the January meeting, we will have a presentation on how to use some of them in wood coloring. Members Jerry Leupen and Keith Mealy will present several methods on how to match existing finishes. They will discuss techniques in blending dyes, using toners and glazes – three ways to get the color finish that you want. “Fear not the finish.”

#### January Auction

Immediately following the meeting will be the annual tool auction. Proceeds go toward purchasing supplies and defraying expenses of our charity projects. If you have tools or materials that you’ve upgraded, outgrown, or just sitting in the corner, unused and lonely, please donate them for this worthy cause. Also bring your cash and checkbook to take advantage of some deals and supplement your shop.

#### Methods of Work.

At each meeting we have a series of short presentations with ideas that you can use in your shop, similar to the subscriber shop tips in the front of magazines. If you have something you’d like to share, there is a sign-up sheet at the meeting. Topics can include: Safety, Sharpening, New (orhandy) tools or materials, Jigs and Fixtures, Finishing or general Shop Tips.

We will have four presenters at the January meeting.

- Ray Jang will discuss pyrography, a Zipwall, and a Paulk designed workbench.
- Dennis Reed will show us a new Rockler product.
- Ray Ladouceur will talk about gloves in the workshop.
- Ron Frame will discuss dust collection for planer.

#### Show and Tell

We have *Show and Tell* at every meeting. We all get inspiration and ideas from seeing what others have done. Let’s see what you have been up to “share the woodworking knowledge” Bring any recent project, unique tool or product that you may have gotten over the holidays.

## Jim Schaeffer Toy Drive Results

304 toys were delivered to Mt. Vernon, Kentucky for the Christian Appalachian Project (CAP). Many of these toys were multi-part toys –trains with engines and cars, or doll beds with bedding. CAP was very grateful to receive the toys. Many thanks to the toy builders, the neighborhood groups that held toy building workshops, and Ray Ladouceur and his daughter for delivering the toys.

## New Life Furniture

Several club members have been volunteering once or twice a month, usually Saturday mornings, leading groups of volunteers assembling tables and other furniture for the NLF Furniture Bank in Blue Ash. Next year we plan to expand to include other projects such as beds. If you are interested in helping out from time to time, contact Bill Fee or Keith Mealy (contact information for them below).
