

# The Cincinnati Woodworker

Dedicated to Sharing Woodworking Knowledge

## The Cincinnati Woodworking Club Newsletter

### Agenda for November 14, 2015

The Southeast Group presents this November Program.

#### 2015-2016 Meeting Schedule

September 12, 2015-C

November 14, 2015-SE

January 9, 2016-NE

March 12, 2016-NW

May 14, 2015-Lunch-SW

#### Meeting Location

Northminster Presbyterian Church, 703 Compton Road—approximately .2 miles east of Winton Road.

The meetings are held in the Disciples Hall, located in the basement. Park behind the church, and enter through the double doors on the right side of the building, in the back.

#### Meeting Time

Our room opens at 8:30 AM. The meeting is from 9:00 AM to 12:30 PM. Please plan to arrive on time and stay for the entire meeting.

#### Refreshments

Donuts will be available at the meeting. Please bring your own coffee in a cup with a lid. Please clean up your spills

#### Membership Dues

Please pay your dues at the meeting

**Keith Neer** will present an unusual bench. This contemporary bench is a great example of hollow core construction and a variety of veneering techniques. In addition, the black accents are a result of a deep inlay process using wenge. Keith will discuss the entire construction process starting with the selection of veneering substrates, design considerations, veneering and the proper mapping of exactly how to complete this stunning piece of furniture. This will be an excellent opportunity for all members to address specific issues surrounding alternative building and veneering processes. Come prepared with questions which will help you go home and more confidently approach your personal projects.

**Joe Boggs**, extension specialist in entomology at the Ohio State University, will give us an update on the past decimation of several tree species important for forest health and woodworking and the future of these and related species. He will also talk about how to handle diseased or dead trees and where we can go for diagnostic assistance.

**Jim Schaefer Toy Drive Collection**—The November meeting is the collection meeting for the Jim Schaefer Toy Drive. We collect toys for Christian Appalachian Project (CAP) in central Kentucky. George Murphy is coordinating the project. Instructions for bringing your toy contributions are found later in the newsletter.

**Methods of Work** – the SE Group will have some shop tricks and techniques.

### Show and Tell

We have *Show and Tell* at every meeting. We all get inspiration and ideas from seeing what others have done. Let's see what you have been up to "share the woodworking knowledge"

Members enjoy a field trip to The Woodworking Shop in Miamisburg

4-H Woodworking judging at the Ohio State Fair

Assembling furniture at New Life Furniture Bank

## Jim Schaefer Toy Drive Collection

If you have items to donate, please follow these instructions.

- Prior to arriving, complete the tracking form (found later in the newsletter). Include your name, address, descriptions of your donations by type, and how many items you are donating
- Put all the items, except one example of each type, in a sealed box and bring it to the collection area in the upstairs hallway of the church. Someone will load your box/boxes into the van or trailer for delivery to CAP.
- We will take the example items down to the meeting area for photographing and show-and-tell. You can talk about your items if you wish.
- George's crew will pack the show-and-tell items after the meeting. He and Ray Ladouceur will make the trip down to CAP to deliver the toys and other items in time for Christmas.
- If you need ideas for next year, George Murphy and the web site have a number of plans. George also has components. See "Toy Components Inventory," later in this newsletter.

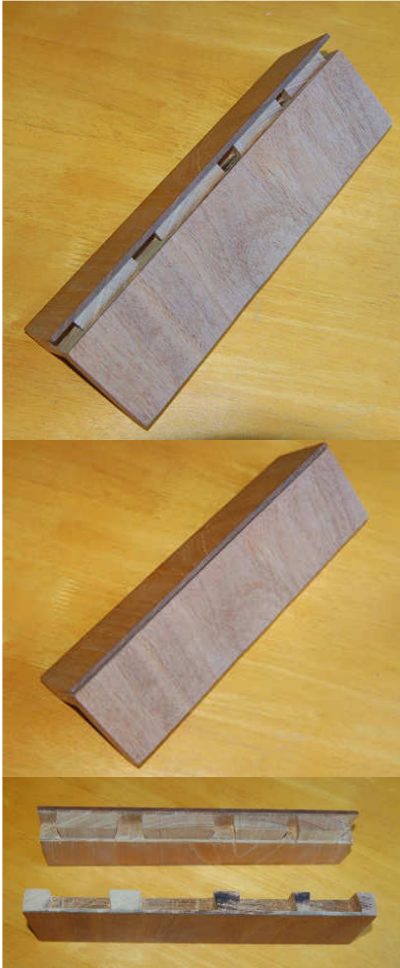

## Upcoming Events

The 2015 **Artistry in Wood Show** will be on Saturday and Sunday, November 14th and 15<sup>th</sup>. It's held in the Dayton Airport Expo Center, 3900 McCauley Drive, Vandalia, Ohio, 45377. The Dayton Carver's Club and Western Ohio Woodworkers sponsor this event and profits go to United Rehabilitation Services of Dayton. Be prepared to be awed by carvings, turnings, scroll work and furniture at this show.

<http://daytoncarvers.com/artistryinwood.html>

We will again have an **auction of tools and supplies at our January meeting**. All proceeds go to fund our charitable projects. If you have some duplicate or upgraded tools, or just things sitting in the corner that you don't use, bring them to the January meeting. Also come prepared to get some tools for your shop.

Plans are underway for our **club's annual seminar on Wood Joinery by Glen Huey**. The what, why, how and when to use specific joints on a project.

## Encourage Tomorrow's Woodworkers

We have been approached to do a short workshop for a Science Olympiad team (based at St. Xavier) to teach them the very basics about wood construction. Our plan is to meet with these high school students to do a brief tutorial in wood technology (wood characteristics, measuring, cutting, fastening, etc.) one Saturday morning in December or January. The proposed project is to cut and assemble a simple tool tote for them to take home. We need a few volunteers who can bring a hand miter box & saw, a power drill, and hammer to assist in this event. If you are able to help and "share the woodworking knowledge" please contact Keith Mealy.

## Volunteer Opportunities

Please step up and help your club!

After a long term of service, John Leonardi and Terry Elfers have decided to retire as co-chairs of the Southeast Group. We need two people to step up and become the new co-chairs. The duties are simple: Organize a program presenter and methods of work presentations for one meeting a year (this year is the May meeting). If you are dumbfounded for ideas, just check some recent issues of magazines for topic ideas. Once every five years, buy and bring in the picnic lunch (a list of supplies is provided to be your shopping list). You will also participate in the Steering Team that helps makes decisions for the club. These jobs help the club run smoothly and is truly a case of "the more you give, the more you get." If you can help and leave in the Southwest area (or even close to it), please contact Keith Mealy, John Leonardi, or Terry Elfers. Please consider this opportunity to serve your club.

We also need a couple more people for the audio-visual team – someone to stand in the back and run one of the cameras on the tripod and another to run the control board. If you have some basic experience with computers, video cameras, or even were on the A/V team in high school, we can use your help. Training will be provided.
