## Woodcraft Show.

The CWC was invited again this year to participate in the annual Woodcraft Show, October 9th & 10th. We shared information about the Club and handed out more than 75 brochures to prospective new members. Several CWC volunteers staffed our booth/table and displayed their creations ... Tom Callahan, Tom Dickman, Ralph Easley, Terry Hale, Charles Kroeger, Ray Ladouceur, Paul Leclair, John Leonardi, Jerry Luebbe, Charles Martin, Darrell McAnulty, George Murphy, Jo Nall, Jim Nuckols, Art Raczynski and Ralph Wiseman. THANKS to all for helping make our display a big success. We got several oohs, aahs and compliments on the items displayed, as well as inquiries about joining the Club. Photos are posted on the website.

## November Meeting Agenda:

Darren Hyatt from Frank Muller Lumber will discuss the various exotic woods available and will also have samples of the various types they have available. He will speak on the differences you will find in the machining of the woods and what type of projects they could be used for. He might also have some varieties available for door prizes.

A service technician from Pro-Tools a Delta Power Tool Service Center will speak on tool maintenance. The subjects to be covered will be alignment, care of different types of tools and general service tips we can use to keep our tools in good working condition.

## SE Members

Eric Scarpa has requested the SE members come about a half hour early and/or stay a half hour after the meeting to help set up for the meeting and put every thing back the way it was after the meeting.

## Members Mailing List

The club is approached from time to time by various vendors in the Cincinnati area. Primarily they want to acquire our member mailing list and or the email addresses of our members. What we, the officers and Steering Committee want to know, do the members have a problem with the club sharing this information. We feel this is a decision that each member must make. If you don't want your information shared, let Dick Fisher know at the meeting or via email.

## Donuts and Coffee

This meeting we will be furnishing Donuts but we request you bring your own coffee. The coffee should be in cups with lids and in the unlikely event you should spill some of the coffee, **Please Clean It Up.**

## Children's Hospital Project

Jo Nall is leading a project to supply memory Boxes to ill children at the Children's Hospital. To date members have made and donated 63 memory boxes, and 248 cutouts. What a wonderful beginning!!!! Thank you all who participated.

## Parking Lot Sale and Swap

Don't forget the parking lot sale and swap during the break. Feel free to bring your excess woodworking tools or other woodworking items for sale or swap. Your discards may be another's treasure.

## Classified

This will be, space permitting, an on going section of the newsletter. If you have a Woodworking item for sale, write a short ad and send it to Joe Gaherty at joegah@fuse.net). Remember the newsletter only comes out every other month Sept—May. Ads may also be placed on the CWC website.

## Library Reminder

For those members who checked out videotapes last meeting, don't forget to return them this meeting so others can check them out. Thanks!

## Appalachian Childrens Toy Project

**Terry Elfers** and **John Leonardi** are the coordinators. If you have any questions or helpful ideas they can be reached at (513) 385-2054 or (513) 921-2027 respectively.

To prevent any confusion with the Children's Hospital Project, please bring those toys for CAP to the November meeting if possible. See Terry Elfers or John Leonardi if you need to make other plans.

It's that time of the year again. Terry Elfers and John Leonardi will be taking toys to CAP right after our next meeting. If you have completed toys for this year please bring them to the November meeting. John and Terry ask that you bring them in bags or boxes with the name of the maker's on them and the number of toys (this will greatly help with their record keeping) . As in the past we will have a show and tell for the toys during the meeting.

## Audio-Visual Volunteer Needed

The club is in need of someone with some audio-visual experience to help out on meeting days to set up and operate the newly acquired equipment. Ron Frame has agreed to operate the video camera but someone is needed to make sure the camera, TV's and amplifier equipment is properly connected and working correctly.

If you have experience in this field and would like to help out, please contact one of the officers.

## Meeting Time Extended

The Meeting time for this meeting has been extended by 1/2 hour. This months meeting will end at 12:30 instead of 12:00. There have been comments that the meeting seemed to be hurried and the committee felt by extending the meeting by 1/2 hour this will allow all the presenters and the Show and Tell members to give a more relaxed presentation.
