

	<p style="text-align: center;"><b>The Cincinnati Woodworker</b> <b>Dedicated to Sharing Woodworking Knowledge</b></p>
<p><b>This year's schedule</b>  Sept. 11, 2021 NE  Nov. 13, 2021 SE, toy drive  Jan. 8, 2022 SW, auction  Mar. 12, 2022 C  Apr 9, 2022 Seminar  May 14, 2022 NW,  luncheon</p> <p><b>Meeting Location</b>  Northminster Presbyterian Church, 703 Compton Road— approximately .2 miles east of Winton Road. The meetings are held in the Disciples Hall, located in the basement. Park behind the church, and enter through the double doors on the right side of the building, in the back.</p> <p><b>Meeting Time</b>  Our room opens at 8:30 AM. The meeting is from 9:00 AM to 12:30 PM. Please plan to arrive on time and stay for the entire meeting.</p> <p>© Copyright, Cincinnati Woodworking Club 2021</p>	<p style="text-align: center;"><b><u>The Cincinnati Woodworking Club Newsletter</u></b></p> <p style="text-align: center;">Agenda for November 13, 2021</p> <p>The November meeting is presented by the Southeast group. Please take necessary personal and food precautions if you are not vaccinated or immunocompromised. Members are encouraged to wear protective masks.</p> <p><b>Featured Speaker</b></p> <p>The featured presenter at the November meeting will be Paul Sanow.</p> <p>Paul is a member of the club and his main emphasis is traditional woodworking and historical reproductions. He is a member of SAPFM (Society of American Period Furniture Makers). Paul will discuss his process for building a candle stand inspired by research materials, including <i>Crafting Excellence: The Furniture of Nathan Lumbard and His Circle</i>. He will show how he took the information available in photographs to approximate the shape and form of the stand, using rules of proportion to fill in the gaps where images are not always definitive. The Lumbard candle stand design includes a spirited and complicated “arabesque” inlay design, bandings, turning, and carving. If time allows he will detour into related topics such as traditional drawer construction and his shellac / wax finishing techniques.</p> <p style="text-align: center;"><b>Methods of Work</b></p> <p>Keith Mealy will show a variety of cross-cut tables that he has built and used. He finds these so useful that he hardly ever uses a miter gauge on his saws. (He thinks he still has it somewhere).</p> <p><b>Show &amp; Tell and Quick Shop Tips</b></p> <p>Members are invited to share projects or shop tips for a few minutes. These need not be reserved in advance. Come show us what you have done in the last 18 months.</p>

### **Jim Schaefer Toy Drive**

The November meeting will be the collection for this year's toy drive. Please bring donations to the meeting. If you have made multiples, you can box up all but samples that you can use for Show-and-Tell. A reminder that NO finish should be applied to the toys due to federal regulations. Small parts also need to pass the choking test. If you need parts like wheels, Gene Wiggs has a large inventory. Also you can drop off or he can pick up toys prior to the November meeting. Gene lives in West Chester and his contact information is below.

A P&G retirees group is currently in the process of donating a large number of parts for our use, so we have plenty for next year.

### **Facebook and Website**

Like us on Facebook for timely updates from the club, tips, techniques, and Q&A

### **Classified Ads**

Nothing new has come in lately.

### **Looking Ahead**

The January meeting will be our annual material and used tool auction. If you have some items that are in excess, you no longer use, or got updated via Black Friday or Christmas gifts, bring them to the meeting. Proceeds go to our club funds.

### **Elections**

We will be having an election for club president and vice president. If you are interested in serving, "throw your hat into the ring" for the election. We also have some open co-chair positions in the neighborhood groups (see below). These are responsible for planning one meeting a year.

## Membership

Renewals are due at the September meeting. If you did not renew for 2020, your retroactive dues would be appreciated but not mandatory as we had web site and insurance expenses last year. Membership form is below. As the average age of membership is increasing we'd always like to welcome younger members. If you know of someone who you think would become a member, please encourage them to come to a meeting. We are open to all skill levels from rank beginner to professional woodworkers.

We are short a couple of co-chairs of some of the neighborhood groups. Each group is responsible for obtaining the program for one meeting a year and its associated refreshments. If you can help, we'd appreciate you volunteering for these important jobs.

## Annual Seminar

The seminar that was scheduled for 2020 has been rescheduled for April 9, 2022. If you paid for the seminar last year, your tuition can be applied to this seminar or refunded, at your option. More details as the time gets closer.

## Club Contacts

**Have questions about the club? We will be glad to help.**

**President & Vice President:** (Overall running of the club)

Keith Mealy    Cell: (513) 300-9559
