March 12 Meeting

MEETING TOPICS

We are excited to be able to have an in-person meeting for March. Meeting is Saturday March 12th at 9:00 at Northminster Church, Compton Rd. Doors in the rear of the church will be open at 8:00. Face masks are at the discretion of each member. If you have not been vaccinated, it would be prudent for you to wear a mask. Looking forward to seeing everyone again.

Our planned guest speaker had shoulder surgery that was more extensive than anticipated therefore he had to postpone his Windsor chair making demonstration. We have five of our members doing *Methods of Work* in his place.

- Keith Mealy - Shop-built dust separator and table saw sleds
- Keith Watson - Dado jig for router
- Dick Wesling - Making wooden planes
- Bill Fee - Making and using L- Fence
- Andy Strain - Table saw extension

This should be very informative.

Show and Tell

Be sure to bring in any projects you have done to show to everyone.

Quick Shop Tips

Share with the group any tips, equipment or aids you have come across. Speak from the floor or in front. A minute or two is all it should take.

TOOL AUCTION

We will have our annual tool auction at the March meeting. Bring in your excess or unwanted tools, supplies, wood, etc that you want to get rid of or donate. Get your shop cleaned up and help support our club with the proceeds.

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

This year, we will be pricing out the items as they come in with a "Buy Now" price. These items will be available to purchase prior to the auction before the meeting and during the break. All items that remain will be auctioned.

SPRING SEMINAR

We still have openings for our Spring Seminar April 9th at New Life Furniture in Blue Ash. Donna Hill will be our instructor. Donna teaches at Mark Adams and is a retired PhD scientist from P&G. Donna is a very accomplished woodworker and specializes in Federal Period furniture embellishments. Even though Federal Furniture may not be your thing, the information and techniques you will learn can be used to enhance any project you may do. Cost is \$30 and includes lunch. See Dick Fisher for sign up. If you already paid in advance (when it was scheduled in 2020) you are still enrolled in the seminar. If you wish to withdraw from the seminar, see Dick Fisher for a refund.

Here is Donna's seminar agenda:

Donna R Hill, The Verona Company

Types of embellishments demonstrated:

Inlay & Stringing, Marquetry, Parquetry, simple veneering and Sand Shading

- Basic tools & materials for performing embellishments
- Hand tools
- Power tool options
- Best materials to use and where she gets them

Demonstrations

- Line & Berry, aka Pennsylvania Spice Box Door.
- Bell flowers, fan, carrot, and other variations on Federal Card tables.
- Patera, the small marquetry oval at the top of Federal Card table legs.
- Sand Shading veneer
- How to make simple banding

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

She will provide handouts that contains all the information shared including patterns and resources..

REMINDER - Meeting last-minute cancellations

In case of inclement weather or COVID 19, meeting cancellation information will be streamed on FOX 19 Live News or go to <http://www.fox19.com> website.

Magazines

Member George Murphy is downsizing and has a substantial collection of woodworking magazines he'd like to give to someone interested. Contact George at 614-824-0717.

Tools

Manuel Canales' widow, Juanita, is wanting to liquidate his collection of power tools after he passed away last December. She lives in Medina, OH and the tools are in the basement workshop. Doing a car pool for transportation and loading might be a good idea. You can reach Juanita at the e-mail address, mcjccanales@aol.com. The link below is a PDF of the tools. Suggested pricing is

- Sawstop \$ 2500
- Delta dust collector \$125
- Yorkcraft jointer 6" \$300
- Delta oscillating drum sander \$ 100
- Craftsman drill press \$250
- Delta bandsaw \$350
- Delta chop saw \$ 75

SCAM ALERT

The scammers are still up to it. They are getting some e-mail addresses off the

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

ignore all current and future requests. The current one is from "Larry Saupe <swz@llucstrust.org>", that, if you look closely, is not his real e-mail address. As a general rule, anyone wanting gift cards or sending from a nonsense address like sodifjoew@cnmenso.reslbus.gocn.ng is a scam.
