The Central group has this meeting. The first presentation will be a continuation of the presentation started at the May meeting. Due to time constraints, Gary Claytor was unable to complete the demonstration portion of his program entitled **An Introduction to Lathe Turning**. He will briefly recap the PowerPoint slideshow that he and Larry Lockwood created to provide an overview of tools and fixtures. Then he will spend the majority of his time us-

ing a Mini-Lathe provided by **Hardwood Lumber and More** to demonstrate various wood turning techniques. Both Gary and Larry have worked with wood most of their lives. Like a lot of us, they made a serious commitment to woodworking as a hobby after retiring. They are members of both the CWC and Ohio Valley Woodturners Guild (OVWG), our sister club. They encourage you to bring some of your own turning projects for Show 'N Tell.

The second presentation will be a discussion on the use of lasers in woodworking by **Paul Woodrich**, of **Lords Laser Company**, and a member of the club. He is an expert in the use of lasers and teaches a class on **A Modern Approach to Marquetry: Laser Cutting**, at **Marc Adams School of Woodworking**. He will share some examples of his work. You can get a sneak preview in his photo album on our website.

Don't miss these presentations.

Back to School Supplies

CWC Members: This is my annual reminder for those of you who are not able to participate in making toys for our needy children's programs. The back-to-school sales on school supplies provide an excellent opportunity to purchase school supplies at huge savings. Many of the kids we serve, need school supplies as badly as they need toys.

Thanks, Darrell

Woodworking Education Scholarship Fund

Michael Fortune and Keith Neer have generously donated \$300 to the CWC to support woodworking education. Effective September 11, 2010, the fund will be disbursed on a first come first served basis to members who complete one or more woodworking classes. Present your receipt to Dick Fisher, Treasurer, to be reimbursed for up to \$50 per member for satisfactory completion of any woodworking class. This is another example of the club supporting it's members to improve their woodworking skills.

MEMBERSHIP DUES

Membership dues are payable each **September** – the beginning of our club year – and we encourage you to **pay promptly and support your fine club**. New members can join anytime. Your CWC dues are a great value and pay the club's many expenses (Your benefits) include the meeting room, audiovisual system, videos, Web site, newsletter, advertising, doughnuts, and the annual May meeting luncheon. Dues also pay for the door prizes at each meeting, therefore we ask that only current, paid members participate in the door prize drawings.

Annual Dues:	Adults	\$15.00
	Student	\$ 5.00

To join or renew, fill out the attached **Membership Application** form on page 4 and, with your payment, mail it or bring it to the next meeting. You may also complete the application online at the club web site.

Need to know if you are paid up? A Paid Members List is posted at each meeting. If you receive this newsletter via U.S. Mail, check the **mailing label**, a "11", indicates you are paid up for the 2010-2011 club year.

CWC is open to woodworkers of all skill levels, without regard to sex, race, religion, national origin, age, or handicap.

NEW CLUB PHOTOGRAPHERS

Jeff Wise has volunteered to be our new Club Photographer.

Bill Law and Raymond Jang will serve as backup photographers if Jeff is unavailable.

Additionally, **George Murphy** will again take member photos at this meeting to include in our Member Directory. We currently have photos of 93 members. Our goal is to include every member.

CLUB CONTACTS

Have questions about the club? We will be glad to help.

COMMUNITY SERVICE PROJECTS

Jim Schaefer Toy Project 2010

It's that time of the year again. We will be taking toys to Mt Vernon right after our November meeting. If you have completed toys for this year please bring them to the November meeting. More information in the next news letter. If you would like to make toys it's not too late. The following is helpful information.

Favorite Toys. Feedback from the Director of the Christian Appalachian Project indicates the following toys as favorites among the children.

1. Pull Toys
2. Workable dump trucks or bulldozers
3. Three car carriers
4. Wooden puzzles
5. Cradle and dolls

Toy Making Supplies. We have the following toy making supplies.

1. Wheels from 1 to 2 inches
2. ¼, 3/8 and ½ inch dowels
3. Axle pegs
4. One, 1 ¼, and 1 ½ inch balls
5. Locomotive stacks
6. Two inch split balls
7. ½ x ¾ inch various colored beads
8. Various toy plans.

Any toy maker that would like to have a supply of these items please contact John Leonardi at 513-921-2027. You can either pick these up from him or the following individuals have some of the supplies Larry Lockwood, Earl North or Terry Elfers. If anyone can think of a toy-making item that you would like purchased, please call John Leonardi. We may be able to reimburse you for the cost.

MISCELLANEOUS

Parking Lot Swap and Sale

Don't forget the parking lot sale and swap during the break. Feel free to bring your excess woodworking tools or other woodworking items for sale or swap.

The Central Group Leaders have requested that the Central Group Members arrive a half hour early and/or stay a half hour after the meeting to help set up for the meeting and then put every thing back the way it was before the meeting.

Donuts and Coffee

Donuts will be available at this meeting Bring your own coffee. The coffee should be in cups with lids and in the unlikely event you should spill some of the coffee

2010-2011 Woodworking Contest

Build anything that is primarily made of wood and completed between September 2010 and May 2011. It will be judged by the same criteria used in our past contests. Originality of design (how unique is it?), Functionality of design (how well does it work?), Artistic design (is it attractive?), Finish (sanding, stain, top coat) and Expertise required to complete (complex angles, joinery, inlay etc.). Photos may be used to enter projects in cases where it is not practical to transport and display. A PowerPoint presentation will be used to display entry photos again this year when the contest is judged at the May 2011 meeting.

As part of the Woodworking Contest, we will present our 2nd annual Fred Weissborn Memorial Quality

Award. It will go to the woodworker whose Contest entry is voted by members to best reflect the craftsmanship demonstrated by Fred during his long tenure as a member. The selection criteria will follow the principle that "craftsmanship" is in the eye of the beholder. Each voting member will determine the superior craftsmanship as he or she sees it and pick the best entry. This award is a traveling trophy with the winner's name and project inscribed on it.

We congratulate Keith Neer as the first winner of this prestigious award in May 2010. At Keith's suggestion, the Steering Team has decided that a member may only win this award one time. A winner is ineligible to compete for this award in a future contest. However, a winner remains eligible to compete for any other contest awards.

Reminder:

The Fall Clinic will not be held this year to allow members to attend Woodworking In America. For details, see: www.woodworkinginamerica.com/GeneralMenu/. The main event and classes are all sold out, but tool demonstrations and sales are open for a small entry fee.

Table Class From CWC and Clermont Woodworking

As promised last spring, CWC and Clermont Woodworking are again offering a Table Class. Sign up now as space is limited.

Class Name: Table Building

Dates: Saturday, Sept. 25th and Sunday, Sept. 26th, 2010

Times: Saturday: 10:00 – 5:00

Sunday: To Be Coordinated With The Class To Accommodate Possible Church Schedules.

Note: we will need about 4 – 5 hours to complete the project on Sunday

Costs: Tuition \$120, Materials \$80

Class Size: Minimum (4), Maximum (8)

Tools Required: Wood chisels, tape measure, pencil, marking gauge, any others you want to drag along.

Optional Tools: Small shoulder plane, offset chisel.

SIGN UP DEADLINE IS NO LATER THAN SEPTEMBER 12, 2010!!!

This class is a great class for the woodworker who is getting started or wants to brush up on those basic skills required to build any size table. It is also excellent for seasoned woodworkers who want to pull many furniture construction skills into one concise project which can be completed in one weekend.

Each student will build and finish a small, black walnut, end table using basic construction techniques which are applicable to a wide range of furniture projects. Safety, equipment setup, design, leg tapering, joinery, glue up and finishing will be covered. Equipment utilized will include the jointer, planer, band saw, table saw, router, belt sander and others. Basic finishing techniques applicable to the basement or garage woodworker will also be covered.

This is truly a hands-on course which will challenge you and at the same time provide you with a finished project you will take home at the end of the course.

If you are interested in this course, contact **Keith Neer at 513-373-0098 or KLNEER@Fuse.net**

No money is required at this time. I will contact everyone after the class is set.

Keith Neer
